SECOND ANNUAL LATE FALL ART EXHIBIT, SATURDAY

On Saturday, Oct. 20, local artists in Bethel will hold their annual late fall exhibit of art which features local scenes of old farms, covered bridges and the mountains. The exhibition is displayed on the Bethel Commons overlooking the foothills of the White Mountains and in the event of bad weather it will be held in the Moses Mason Museum. The museum will be open for tours and hot coffee will be provided by the exhibiting artists.

Invitations are extended to all artists who wish to exhibit work from the general field of the fine arts. For this exhibit, which was listed in the Maine Publicity Bureau's calendar of fall events in Maine, the group attracted the attention of an artist living in Minnesota who called to express interest in entering the exhibit.

This Saturday's exhibition will be the last of five in the Bethel 1979 series—the first of which was held in February during the town's winter vacation week.

During the exhibit on Saturday, those who attend will be discussing the calendar for next year. Plans call for a calendar which will feature special exhibits dedicated to covered bridges, old

This Tuesday morning is certainly a much nicer one than last Tuesday. The sky is blue but the wind is blowing and it is quite chilly. At least there's no snow on the ground!

Recent callers at the Albert McAllister's have been Randy Pike and Mahlon Grover.

Mrs. Margaret Barton and her mother went to Lewiston on business on Wednesday.

It has been a very busy week at K-D's Acres. Finished up most of my pickling and the potatoes are about all dug. There just haven't been enough good week ends to get ahead very fast.

Callers here during the week were Gus, Paul and Polly McAllister, Christine and Elton Cole, Warren and Flo Cairns, Margaret and Jeff Barton, Mr. and Mrs. B. Wentworth and Gene Maillett.

Friday night we called on the Lawrence McAllister's on Jewett Pond, in North Waterford.

Snow enough Oct. 9 to go skiing! That is what happened and they kept telling on TV that people had skied at Sunday River. It not only snowed here, but all along the East coast and the TV said 12 or 11 inches somewhere in Virginia. I started out for Bethel Tuesday morning but got as far as Butters and stopped in there. Barbara MacDougall and Sue Angvine were there and Barbara said that she had to go to town anyway and as her car was fixed better for bad driving I went with her. We had dinner at her house after we got back. Usually the first storm is just enough to warn us but no appreciable amount. This got us all wondering if it wasn't about time to get in our root crops. That is what we have been doing; but now the snow is gone. The day after the storm I went to pull turnips. I looked up onto the barn roof. A maple tree is growing on the back side of the house and a lot of its branches were loaded down with snow and touch the roof. The roof was completely covered with snow and the branches had lost none of their red leaves. The red leaves lying on the white snow were eye appealing.

Alden MacDougall left Oct. 5 from Rumford with his cousin, Mike Morrison, to visit relatives in P. E. I., Canada. Barbara picked him up in Rumford Oct. 13. Barbara and Lea MacDougall went to Rumford Wednesday shopping and for supper.

Jimmy MacDougall was home from Manchester, N. H., over Columbus week end. A friend, Peter York, Bryant Pond, came up and they went to Fryeburg Fair.

A lot of people on our road have been on the sick list lately. Saturday night Mr. and Mrs. Charles Mason, Jr., Carole and Melinda, Mr. and Mrs. Charles Mason III and two children, and Mr. and Mrs. LeRoy Morgan, Greenwood, had supper at Ben Gordon's camp on the mountain. They said the view was spectacular that evening.

Some of the neighbors went to Lynwood "Pete" Wheeler's funeral Sunday.

Mrs. Alberta Angvine and Mrs. Betty Blake picked up their mother, Mrs. Rena Abbott, Dixfield, and went to Betty's daughter's, Mrs. David Brown, Strong, and had lunch together.

Mr. and Mrs. Charles Mason, Jr.,

took their two girls, Carole and Melinda, to Tri County Horse Show in Norway, Sunday. The girls came home with 11 more ribbons. Jody Shimamura and Betty Blake went with them. This will be the last show for the 1979 season they will be attending.

Mr. and Mrs. Carl Holt of Berlin, N. H., recently had supper with her brother and wife, Mr. and Mrs. Ernest Angvine.

Doug Smith is back working at Subaru in Massachusetts and visited his parents, Mr. and Mrs. Homer Smith.

Stanley Moore, Jr., was helping his father with potatoes Sunday and caught his fingers in the chain drive of the potato digging machine. He lost the end of one finger and was three hours in the operating room at Maine Medical, Portland, having two others fixed. His parents brought him home Monday; but as it will be a week or more before he can go back to school he would appreciate cards and friends dropping in.

Wanda Judkins came Friday and spent the night with Mr. and Mrs. Joe Shimamura and family as she had to be in Berlin, N. H., Saturday for tests at Berlin Hospital for School of Nursing.

Mrs. Thelma Merrill took Mr. and Mrs. Leslie Lapham to Lewiston in the snowstorm and said it was snowing all the way down the line. Mr. Lapham had to go to the eye doctor.

Mrs. Thelma Merrill and Mrs. Gerry Shimamura went to St. Albans, Maine, Oct. 8 and stopped in Chisholm to visit Mrs. Maryanna Balsams, who is 87, and living with two of her daughters.

Sunday left for Portland to pick up Wilfred at Portland Jetport. Dad Allen went with me and we stopped to have a lunch on the way back in Norway with my parents, Mr. and Mrs. George Allen. Iva Holden also came over for a short visit.

Mrs. Howard Chapman, Vince and Nick, took her grandmother, Mrs. Ada Balentine, who has been at her camp, North Pond, all summer, in Mrs. Balentine's car to Roselle Park, N. J. While there they and Mrs. Chapman's parents,

Sunday River

Mrs. R. M. Fleet, Corres.

Snow and bears start this week's items. Marshall Fleet got the first fairly good sized bear. Then the next day Tammy Fleet, Alan Fleet and Bradley Harrington each got a bear. That makes four that will not go to any den this winter. The hunters are all young.

Then Tuesday (Oct. 9) we got up to the sight of snow coming which piled very white nearly four inches. So that means about 22 storms of at least one inch for the year.

Darnita Yates went to Vermont over the week end.

On Monday, Oct. 15, Mrs. Julie Daye attended an all day educational seminar, sponsored by the Maine State Cosmetologists Association at the Ramada Inn, Lewiston.

Sent in by Eva Yates: A Monday morning with sunshine. Three days in succession that we have seen the sun. We will cross our fingers and hope that all this fall rain will mean less ice this winter.

Mrs. Phyllis Jordan of Waterford and Mrs. Edith Hathaway visited Eva Yates Friday afternoon. A most unexpected surprise, but a nice one.

Bear River Grange met Saturday night with several Hobos there. The Deputy and wife were there

Mr. and Mrs. Philip Cummings, all went to the Bronx Zoo. Mrs. Philip Cummings drove them back and spent the week. Mr. Cummings flew into Portland Jetport Friday and Mr. and Mrs. Philip Cummings drove back Sunday.

Mr. and Mrs. Albert Tyler of Norway came to visit Mrs. Howard Chapman and Mrs. Philip Cummings.

It's all in the gold of the sunset, It's all in the blue of the sky; All in the glistening raindrops Of Nature's tearful sign.

It's all in the wealth of the harvest Enriching the winter's store. It's all in the heart's rejoicing Over blessings we're thankful for.

Mrs. Cellista Morgan, Corres. —

Two happenings in a week took me down memory lane, a return to yesterday.

The first I rode from a village up a very steep hill where I could look down on all the village. Years ago I traveled this road with horse and wagon, today in a small truck loaded with goodies for lunch time at the old Day Farm.

Summer's green still cloaked the fields and pastures. Dooryard gardens had their blooms.

The road wound in a leisurely way as all country roads do, up hill and down and occasionally across levels.

In places we found a pink flush on maples from leaves still holding fast even after one heavy rain. A few maples spread their giant canopy above the road.

We passed the old stone walls, once so sturdy and useful. Now they are weathered; having passed through long winters of drifting snow and ice. The springtime thaws, then mellow suns of summer did their part. They have kept their warm gray with highlights of creeping vines. They have stood long and well. A sense of time hangs over them and again I looked back to the days when I used to visit my aunt and cousins here at the home. There were sliding parties, hay rides, swimming at the ice pond and many other fun things.

On arriving at the old farm house the scents and sounds seemed to drift down the years; rocking chairs, tea kettle song, and home made braided rugs. Entering the farm kitchen, a family gathering place, there was the big table with its red and white checkered cloth. I remembered how it was set in old style loaded with all a family could eat, from home made bread with sweet butter to pies of many kinds.

The old stove stood in the same place and was soon sending out its cheery heat filling the homey room with joy, beyond all modern measures.

Things prepared, we then sat in the yard waiting for our guests to arrive. What a scene this was, high up here on a hill with color everywhere around. Another hill rose up steeply from in back of the house and many, many cattle

were feeding across the road in the pasture.

All this surely did bring memories but no regrets on the shift in organization of life which has rendered extinct the hammocks, harness shops, wagons, parlor organs, and kerosene lamps. It does however remind us in vivid detail that the present isn't all; that the past exists and what now so over-poweringly seems all there is, will surely become the past.

Our guests came, numbering 21; had a nice time and departed. I'm sure that they took with them some memories of the beauty and of things they once knew.

Our second look into the past came with the snow storm in mid-week when we lost our electric power for nine hours. The humble kerosene lamp had to be filled, wick cleaned, chimney shined and made ready to burn. Yes, I remembered how to do them all.

I remember when they sat on a shelf near the stove as breakfast was prepared. They lighted the way upstairs at bed time, too. In the soft, gentle light, I studied and prepared school work for many years. Yet, this week the light seemed so dim that I wondered how I did. However, it made us appreciate even more than usual, our power with its many advantages to us.

We had a wood fire, a battery radio and a tick-tock clock, were cozy and contented in our little home surrounded with snow, colored leaves falling, and a freezing temperature. We lived again in circumstances of the yesterdays until our power returned in late evening.

John Curtis flew in from Olney, Mont., to Portland, where he rented a car for the week and came here to visit his sisters, Kathy Curtis and Lucy Bragg, his mother, Eva Felton and other relatives. He returned on Oct. 15.

Fay and Ann Holt and I were in Auburn on the Monday holiday.

EMERGENCY MEDICAL PROGRAM FOR NURSES NOW UNDERWAY

A 100-hour educational program for nurses specializing in emergency medicine which was developed and presented for the first time in Maine last year by Tri-County Medical Services, Inc., is being held once again this fall at the Central Maine Medical Center in Lewiston.

Seventeen nurses from seven health care facilities in Central and Southern Maine began the comprehensive program Wednesday, Oct. 10, according to Course Coordinator Mary Myers, RN, BSN, CMMC's EMS education coordinator. Mrs. Elaine Kuziyk, RN, Bethel, Emergency Room evening shift charge nurse will attend from Rumford Community Hospital. The course is scheduled to conclude March 12, 1980.

Institutions represented are CM and St. Mary's General Hospital, both in Lewiston; Stephens Memorial, Norway; Franklin Memorial, Farmington; Rumford Community Hospital; Regional Memorial in Brunswick and Bath Memorial.

Mrs. Myers said that the program is being offered this year in four segments—called modules—and that the faculty has been drawn from physicians, nurses, emergency medical technicians and other allied health professionals from throughout the region.

The all-day sessions, being held each Wednesday at CMMC, will focus on many of the practical needs of nurses in practicing emergency settings. Mrs. Myers stated, "Such settings often require the nurse to make accurate—and immediate—assessment of illness or injury, to assist in providing life-saving treatment, as well as to deal with the families and friends of victims being treated.

"This particular course," she said, will cover many types of emergencies which face the emergency room nurse, such as trauma, cardiac, pediatric, psychological, substance abuse and environmental." Nurses participating may elect to take one or all of the modules being offered to fit his or her needs.

Tri-County EMS, Inc., is a consortium of four area hospitals who have joined together pooling resources and expertise to implement a unified approach to improving the quality of emergency care in the Tri-County region.

In addition to providing courses for nurses, Tri-County EMS also develops and sponsors programs for physicians, for personnel manning the region's ambulance and rescue squads, and for individual citizens interested in learning more about general first aid and CPR (cardiopulmonary resuscitation).

Tri-County EMS consortium members are Stephens Memorial, Norway; Franklin Memorial, Farmington; Rumford Community Hospital; and Central Maine Medical Center in Lewiston which serves as the region's EMS resource hospital.

Loan Programs

Work is under way in the Congress to correct one of the most vexing spending problems in the budget—the disaster loan programs of the Small Business Administration and Farmers Home Administration.

No one questions the need for special federal programs to help farmers, businessmen and homeowners recover from the calamity of a drought, tornado or other natural disaster. Where help is unavailable from other sources, federal disaster programs can make a crucial difference.

But costly problems began to occur two years ago when the Small Business Administration (SBA) was granted authority to make loans to farmers for crop losses.

A Farmers Home Administration (FmHA) crop loan program is already on the books, and Maine farmers have received substantial assistance from it. But a crippling drought in the Midwest persuaded a majority of the Congress to set up a second program.

It was a mistake. The year after the decision was made, SBA disaster loan volume increased from \$200 million to \$2.5 billion, even though the FmHA loan program nearly tripled to \$3.4 billion. Disaster lending for both agencies thus totaled nearly \$6 billion—and 88% of the loans were for crop losses.

Sen. Henry Bellmon of Oklahoma and I asked the General Accounting Office to look into the situation, and the GAO uncovered some disturbing evidence.

In some areas of the country, farmers who had been turned down at one agency changed their applications and obtained loans from the other agency.

Some borrowers were able to obtain two loans for the same loss. Many individuals who could have obtained credit from banks or other conventional sources were able to get subsidized federal loans despite federal regulations to the contrary.

In the most extreme case, one businessman who also operates farms borrowed \$408,000 from the

WEST PARISH CHURCH MEMBERS ATTEND MAINE CONFERENCE

Members of the West Parish Congregational Church who attended the Thirtieth Annual Meeting of the Maine Conference, United Church of Christ, at University of New England in Biddeford Pool, over the week end were Marlon Parker, Rev. Tom Caton, Sandra Caton, Steve and Peggy Wight. Four hundred fifty delegates from churches throughout the state met to discuss Conference business, elect officers and committees, vote on the annual budget for the coming year, and pass resolutions of church emphasis.

Local delegates attended workshops on Saturday morning on church communication, prison ministry, abortion, religious cults, and the energy efficient church.

A complete report of the meeting will be made during the worship service Sunday morning at 10:30 a. m.

Small Business Administration at subsidized rates. The subsidy cost the government \$33,000. The businessman's net worth was \$38 million.

No businessman who is able to get a subsidized loan will turn it down in favor of a loan at higher interest. Taking the subsidy is merely good business, if the subsidy is available.

But in these disaster programs, I believe the subsidy ought not to be available, except in cases where the need is obvious. And I think the Small Business Administration ought to get out of the farm loan business. We have experts in the Farmers Home Administration to do that job.

House and Senate members are working on legislation which would go a long way toward correcting the problem. I have sent

MAINE'S FIRST LOCAL ELECTED OFFICIALS INSTITUTE IN BANGOR ON OCT. 23

Maine's first Local Elected Officials Institute will be hosted Tuesday, Oct. 23, in Bangor by the University of Maine at Orono's Bureau of Public Administration and the Maine Municipal Association.

Local tax assessment, solid waste management and public awareness and participation will be the focus of the institute which will meet at 11 a. m. at Miller's Restaurant at 427 Main Street. These topics were among those highlighted in a recent survey of elected officials as issues of current concern.

Among the speakers already announced for the three workshops are Bangor tax assessor Melvin Maidlow; Hollis McLaughlin, director of the Bureau of Land Quality, Department of Environmental Protection, and a Hallowell councilman, and Ellery Keene, director of the North Kennebec Valley Planning Commission. A fourth workshop at 4:30 p. m. will allow institute advisory committee members and other elected officials to share reactions and make plans for future sessions.

Maine is a leader in the movement to offer training to elected officials, including the release a year ago of the Elected Officials Handbook and a training session.

Members of the institute advisory committee are Barbara Chesley, Durham selectwoman; Richard Borbin, Madawaska selectman; Madeleine Freeman, chairman of the Maine Municipal Association (MMA) legislative advisory committee; Robert Garland, Anson selectman; Alden Ingraham, president, MMA executive committee; Paul Laverdiere, Waterville mayor; Nathalie McGibbon, Millinocket councilor and Richard Mangan, Beaver Cove Plantation.

The Maine Conference of Mayors meeting will be held, beginning at 6 p. m. that evening in the same location. The topic will be "Red Flags" in Municipal Reporting and Accounting." The annual MMA convention Oct. 24-26 begins the following day in Bangor.

Pre-registrations for the Elected Officials Institute may be sent to the BPA office at 162 College Avenue, Orono, or registrations will be accepted at the door. There is a \$5 fee for the institute which includes lunch.

A copy of the GAO report in hopes it will convince them of the seriousness of the problem.

Potato Futures — Sen. Frank Church of Idaho and I have asked a subcommittee of the Senate Agriculture Committee to hold a hearing on our bill to ban potato futures trading.

The opposition of Maine farmers and past abuses on the commodity exchanges have convinced us that it is time for Congress to examine the situation.

We have received informal assurances that a hearing will be scheduled in the next few weeks.

From the sermon by Bert Griffith, based on the scripture, Isaiah, Chapter 6:

It should impress your heart as missionaries here in West Bethel that people are going to a priceless eternity. Dante says, "Abandon all hope ye who enter here."

It is a fact and we must see our condition. Humility is a prime prerequisite for truly serving God. We must recognize God's awesomeness, his righteousness and his holiness for what it is—just as Isaiah did. For truly serving God, confession and submission to cleansing are MUSTS for the Christian.

The process may hurt; certainly the coal on Isaiah's lips must have hurt, but the "coal" is indispensable to service. This fire of cleansing will melt away all the wood, hay, and stubble that we think are really good goods for the Lord, and we will be left with what we are. God does not demand perfect vessels—there just aren't any perfect vessels, but he will use us if we are willing to be cleansed. When we take the position of humbleness as in 1 John 1:9, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

The Bible tells of many men defiled, men who were lost, men who were in the pit of despair, in the quagmire of hopelessness, but God used them because they were willing to be cleansed. Cleansing does hurt. It hurts intellectually, and it may hurt to give up some of the habits we have acquired over our lifetime. God's call involves utter submission for the entire life, not just a part. In Isaiah 6, Verses 8, we see the pattern of the various sequences of that divine call: God says, Whom shall I send and Who will go? Isaiah says, Here am I, send me; God says, Go, and Isaiah's reply, How long? And from God—Until, "Until the cities be wasted without inhabitants, and...until there shall be a great forsaking in the midst of the land."

He is calling us today to GO with the Gospel—GO with the Good News that Jesus Christ loves us and has died for us. Have you heard the divine call? God speaks to every heart in various ways. Did you respond and say, "Here am I, take me." Are you listening?

to His call today? If you are not, are you ready to pay the price that is involved for the mark of true Christianity? The call is to the local church today. The call is for men and women to serve the Master—beginning now.

The call is for involvement and consecration today, but it is on a higher plane than ever before. Consecration is required today in the midst of an immoral nation. Judgement awaits those who take the moral values of this country and twist and grind them and turn them into something that they are not. There is a consecration required of the Christian missionary in his own home town that transcends far above anything that the Old or the New Testament ever had to deal with. We have to deal with it today. The call is to stand up and be counted as a Christian, as a Christian missionary right here in Bethel and in West Bethel. Set your hand to the Lord's business and do not turn around. Keep your eye on the tree on the horizon and drive a straight furrow.

Are you willing? You will make a decision today—one way or the other.

"CHARLIE BROWN" VISITS

ETHEL BISBEE SCHOOL

On Thursday, Oct. 11, members of the Drama Club of Gould Academy presented excerpts from the musical "Charlie Brown".

The cast included Schuyler Meyers, Rick Bray, Sarah Ovendon, Tony Morris, Bob Fiske, Leigh Marcous-Devine with Robyn Perry

as stage manager. Carol Fiske directed and Frank Fiske accompanied the piano.

NEWS FROM S. A. D. #44 ADULT AND COMMUNITY EDUCATION

Highlights of the past week in the S. A. D. #44 Adult Education program have included progress in several areas. On Wednesday evenings, the Telstar Gym is the scene of much activity on the athletic front, as an enthusiastic group gathers for the sports class, conducted by Dan Hannon. The class is made up of about 20 members, including several family groups, and Mr. Hannon provides instruction and leadership in a variety of sports, including basketball, volleyball, and the weight machine.

With Telstar again certified as an official GED testing center, three individuals have begun the process of obtaining their high school diploma by taking the six-hour high school equivalency examination. Anyone who is interested in this method of high school completion may contact the Adult Education office for further information.

Adult and Community Education Director Cathy Newell attended a state-wide Adult Education Directors' meeting in Waterville on Friday, Oct. 12. Much of the meeting focused on recent changes in the law regarding Adult Education programs and was very helpful.

Adult Basic Education Tutor Karen Paul has begun work with several students on an individual basis in reading, math and life coping skills. Anyone who would like information about this program of providing tutoring for adults is urged to contact the Adult Education office, or to call Mrs. Newell at home (824-2089). In the past, many adults in the S. A. D. #44 area have used this service to improve their skills, in order to obtain drivers' licenses, to increase their employability, to be able to read to their children, or to help their children with school work. There is no charge for Adult Basic Education tutoring.

The Selectmen met in a special meeting on Oct. 9 and appointed Philip Korhonen as Road Commissioner, to serve until the next annual town meeting, March 3, 1980. Korhonen will replace James Duran, who resigned recently because of poor health. Korhonen previously served as Road Commissioner from the fall of 1971 until town meeting 1974. Duran had held the position since March 1975. The Selectmen also met with Robert Scribner, manager of the South Ridge Condominium Association to discuss placing of stop signs on the Sunday River Village Road and Condominium Road. The sign is presently located on the Condominium Road. Scribner felt that for safety reasons the sign should be on the Sunday River Village Road. The Selectmen agreed with this point of view, but pointed out that since the Village Road was a town way and the Condominium road a private way, it could not be done. It was agreed that the Selectmen would confer with officials of the State Department of Transportation to see what could be done.

Fred has trapped 12 skunks in his barn area and taken the little stinkers a few miles distant before releasing them. They are different sizes but he is now identifying them to ascertain whether or not they are raccoons.

Fred, Marion and families celebrated Thanksgiving with Gobler and fixings last Sunday. The children enjoyed the pole cat removal project.

Roland Bernier's three youngest sons put in support posts and beams in his garage Saturday. They also moved vehicles and other property to Heritage Farm.

Son-in-law Mike Bergeron built the 2nd stage of chimney Sunday. The first stage had been built earlier in the week by two mason friends in town.

STATE OF MAINE HOUSE OF REPRESENTATIVES Karen L. Brown

Oct. 16, 1979
The Maine Dept. of Transportation will hold a public hearing on the regulations restricting heavy loads on posted state highways from Nov. 15 to June 1.

The hearing will be at 10 a. m., Oct. 26, Augusta Civic Center. Written comments can be sent to Martin Rissel, Maintenance and Operations, D. O. T., Augusta 04333, tel. 289-2661.

The 2nd Special Session has just ended and only legislative committees will be meeting between now and January. The Special Session was called by Gov. Brennan to appropriate funds for the State Retirement system and to address the Governor's proposal for a fuel assistance program.

Interim funding for the Maine State Retirement System was accomplished without opposition. This legislation allocates the full \$31.5 million of federal revenue sharing in addition to \$6.4 million of general fund money to put the retirement system on an even keel financially until June 30, 1980.

Also provided was a study of the system. I was particularly happy that study of the system in all its aspects will be conducted and a report given to the legislature. I feel the study will show that changes in the \$260 million state retirement investments should be made. Last year the income from these investments was 2.6% and the general fund paid additional funds to keep the system on even keel. This will be a priority for the legislature to address when we return in January.

As other New England governors' announced they will recall legislatures to deal with energy problems before winter, the Maine Legislature approved an emergency fuel aid plan for low-income people.

The passed fuel assistance program funded by the legislature last week was a complex maneuvering of state and federal money and existing programs to make the most of our investments.

The \$3.6 million fuel aid plan to poor families will provide up to \$180 in Aid to families and \$90 for aid to renters. The first pay-

and other feed. Several hours of geese were sighted during the week end. Hornets nests are showing up, some high, some ground level.

The sign, "Welcome to Maine" which is East of Upton was cut down recently. I hope this was not by someone leaving the state.

The Allen Murphys have the roof on their new home. This long awaited building went together rapidly once it got started and is a very attractive addition to the town already.

We are having very chilly weather and snow flurries at times. The mountains are lovely with the color still showing and the silvery white from the snow making overtones in higher elevations.

—Olive Davis, Corres.—

Mrs. Esther Davis and mother, Mrs. Mary Brown, went to Wilton to visit Mr. and Mrs. Clyde Hines Sunday afternoon. They encountered several thunder showers and heavy rain on their trip.

Karen Kesaris visited her grandparents over the week end. Mrs. Arthur Kesaris came after her on Columbus Day.

Mrs. Nicholas Clements and David attended the stamp club at Rumford Monday night.

Several from here attended Fryeburg Fair the past week.

The Willing Workers met Oct. 8 with Olive Davis. There were nine there, and Hazel Waltanen who told about the Christmas ornaments that she has made. They were passed around so all could get a good look. It was a very interesting session. Cards were sent to Eleanor Thurlow and Bernice Davis, who are having health troubles. Nancy Mason was sick with a cold and unable to attend the meeting. The hunter's supper was discussed and a committee of Alicia Stevens, Olive Danforth and Esther Davis was appointed to do the soliciting. The date was set for Thursday, Nov. 8. The next regular meeting will be

The basic poverty guidelines are \$3,400 for a family of one, to receive state aid and \$4,250 for federal. For a family of four an income of \$6,700 for state programs and \$8,375 for federal.

The program will be administered by some municipalities (that qualify under Federal guidelines) by the Community Action agencies.

at Olive Danforth's, West Paris, Nov. 12.

Bobby Newell and Terry Martin rehearsed with Deven Andrews Tuesday evening. They are playing at West Sumner Saturday night with Elton Records at the Grange Hall.

Leslie Bryant was down and tilted Olive Davis' garden Monday. It was just the right time although the wind blew wickedly, but Tuesday we had all of two inches of snow before it stopped storming. He did other odd jobs while here.

Charles Hurd moved over the field where their horses have been all summer, Monday. This has to be done to keep the bushes down and weeds which are bound to grow.

Mr. and Mrs. James Mason and family vacationed at Baxter Park last week.

We appreciate the new road on Route 26 which passes through the area. It extends five miles, I'd say, from point of construction. This will be a big help in passing trucks on winds and hills in this section which held down traffic. An extended passing lane has been added.

A birthday party was tendered Rebecca Ann Ross by Mr. and Mrs. Frank Campbell and family at their home here Thursday evening. Rebecca is the daughter of Mr. and Mrs. Stephen Ross and a granddaughter of Mr. and Mrs. Frank Campbell. She was four years old. The usual birthday cake and ice cream were served. Those attending were Mr. and Mrs. Tod Poland and Diane, Mr. and Mrs. Rodney Burnham and Nicki, Mr. and Mrs. James Knights, Mary Knights, Jeff Campbell and Judy Campbell, Debra Walker and Rusty, Deven Andrews, Mr. and Mrs. Stephen Ross, William and Rebecca and Mr. and Mrs. Frank Campbell. A \$57,300 contract with the West Bethel Children's Center has been approved by Maine Human Services Commissioner Michael R. Pettit.

Funds for the community-based social services program come from part of a \$16 million federal Title XX grant and/or a legislative approved priority social services program (PSSP) or Comprehensive Day Care Services (CDCS) funds. TRAVEL PACKAGING SEMINARS SCHEDULED FOR NOV. 7 AND 8

In the wake of the summer's gas shortage, Maine's tourism industry begins a major marketing effort. Seminars planned for Portland on Nov. 7 and Bangor Nov. 8 will be the state's first training courses in techniques used for arranging, promoting and selling group tours.

Governor Joseph Brennan's Advisory Council on Tourism and the Maine Publicity Bureau are the sponsors of the Packaging Maine for Profit workshops.

Council chairman Gordon W. Clapp of Bangor said that it's "vitally important for all tourist-related business managers to become more professional in their marketing and sales efforts if the travel economy is to again become healthy and continue to grow."

According to the governor's chief advisor on tourism, the seminars will be practical "nuts-and-bolts" workshops designed so that "everyone will take home something which can be really used immediately to help stimulate business."

The seminars will be conducted by eight national and international tourism leaders. Clapp said that every restaurant, motel, inn, gift shop, attraction and recreation facility can benefit financially by attending one of the meetings.

The Portland workshop will be at the Holiday Inn, Downtown. Pilot's Grill in Bangor is the site of the Bangor seminar.

Registration information is available from the Maine Publicity Bureau, State House, Augusta.

The seminars are the second cooperative effort in travel marketing for the Maine Publicity Bureau and the Governor's tourism council, Clapp said. The first pro-

PUBLIC HEARINGS ON BASIC SKILLS IN PROGRESS

Three of the public hearings on basic skills have been held in the communities of S. A. D. #44, with one at the Woodstock Town Hall this Thursday evening at 7 o'clock, and the final one at Newry Grange Hall, Monday evening, Oct. 29 at the same time.

The hearings in Bethel, Andover and Greenwood were held earlier this week, with representatives of the Basic Skills Committee and Board of Directors meeting with the public to address the following questions:

1. Are you satisfied with the preparation students are receiving in school? If not, specify the subject areas and the grade levels at which students are receiving insufficient preparation.
2. Do you feel that S. A. D. #44 graduates have the skills needed to succeed in the adult world outside of school? If not, what skills are lacking and what might be done to ensure that students gain those skills?
3. What should be the standards/requirements for awarding or denying a high school diploma?
4. Who should be responsible for establishing standards/requirements for awarding or denying a high school diploma?
5. Do you believe that all students should receive the same type of high school diploma?

The testimony for the basic skills committee will be gathered in three ways: through public comments at the hearings; through written comments; and through a questionnaire—the S. A. D. #44 Assessment of Basic Skills. The questionnaire is available at local stores, schools, and town offices. The questionnaires will also be available at the elementary parent conference day on Nov. 14, the middle school open house on Nov. 8, and the high school open house on Nov. 15. Completed questionnaires should be turned in to the local school building or the town office in Bethel. The Basic Skills Committee hopes for a large response to the questionnaire so that

accurate information can be gathered regarding the goals of the for submission.
